Founded in 1825, Arc has built its reputation on the ancestral know-how of its glass craftsmen, handed down from generation to generation. The men and women of Arc are at the heart of the company, which develops complete and efficient tableware solutions through exceptional products.

Arc has always placed the customer at the center of its concerns, by listening carefully to needs and constantly adapting to market trends. The Group's strength in innovation has enabled its Luminarc™, Cristal d'Arques Paris™, Arcoroc™ and Chef&Sommelier™ brands to become key references in the tableware sector.

It is with great pride that our Group celebrates its 200th anniversary.

We warmly thank all our customers for their loyalty and unfailing support over the years!

Climate Roadmap & Circular Economy

Arc has initiated Arc Responsible, a program built around 7 topics whose implementation is planned until 2030.

The aim of this program is to reduce the environmental impact resulting from the design, manufacture, use and recycling of its products.

Simple, stylish and smart

Since its creation in the north of France in 1948, Luminarc has made beautiful tableware and cookware products while remaining functional, practical and affordable for everyone.

Our R&D center is equipped with a latest-generation laboratory. Chemists and researchers are pushing back the limits of technology to create the types of glass with great functionality, such as black glass, colored opal and culinary opal.

Luminarc adds style and joy of living by taking inspiration from current, seasonal and contemporary trends.

Today Luminarc is one of the world's leading tableware brands. It shares its French style beyond the borders of France in nearly 160 countries, with 400 million glass items sold each year.
