Market insights

ZERO WASTE

- Say no to waste
- The rise of bulk food
- Use durable and sustainable material

ON THE MOVE

- Eating on the go either in the office or at school with home - made meals saves money and is better for your health

HEALTH

- Food industry scandals
- The rise of fresh, unprocessed foods
- Issues with food migration on plastic

NO MORE plastic! MAKE THE SWITCH TO GLASS

QUIT DISPOSABLE / CHOOSE DURABLE

Use our glass containers to store your food or leftovers. Save money and avoid unnecessary waste. Luminarc's durable glass storage lines allows you to reduce waste and make our planet great again. With our tableware and boxes, it's easy and rewarding to know you aren't producing waste. Leave disposables behind and choose instead safe and durable material. Not only will the environment thank you, but your wallet will too!

Why wait?

100% safe:

Glass is a **non-porous** material that does not interact with the food.

Durable:

Glass is **stain-proof** and is resistant to metal utensils. It is easy to clean and is dishwasher safe.

Odour-free:

Glass is **odour free** with no risk of unpleasant odours.

Transparent:

Glass is completely **transparent**, so you can see your food. It also retains this transparency over time.

Because their differences make them unique...

Choose the solution that suits you
According to your personality, your needs, your desires...

EASY BOX

The easy-to-open range that will follow you on all your culinary adventures

Its particularity: Lids easy to open in one gesture, and stackable for an optimal storage.

Its promises: leakproof, microwave-safe, to carry your (a)typical dishes wherever and whenever you want.

BLACK BOX

The sustainable and design range, for nomadic and creative gourmets

Its particularity: A box made of 70% internally recycled glass, for a unique black look that stands out from the rest.

Its promises: leakproof, microwave safe, and an opaque base to protect your food.

KEEP'N BOX

The ideal range to store and organize your fridge

Its particularity: A colored lid to add pep in your fridge, to find the desire to finish the leftovers.

Its promises: airtight, easy-to-close lid, perfectly stackable; ideal for fridge and freezer organization.

PURE BOX ACTIVE

The ultra-safe range, to carry your food everywhere and without risk

Its particularity: A 4 clips lid for a perfect leakproofness, to transport your dishes safely everywhere, at any time.

Its promises: leakproof, suitable for microwave, for an optimized steam cooking thanks to its valve.
